Figure 1: Schematic representation of the 150 kb genomic region on chromosome 10p12. The top part shows a detailed view of the 24121s and 24128s genes, with exons represented by boxes and introns by lines. The bottom part shows a broader view of the region, including the 24121s, 24128s, and 24145s genes, along with the 24121s and 24128s genes. The genes are labeled with their names and the corresponding chromosome coordinates (10p12).
