

Genomic map of the BRA\_B region (PI2192) showing gene locations and expression data. The map includes genes like FOSN, CV, URB-BRA, and BRA. Expression data is shown as a bar chart with values ranging from 0 to 24. A table on the right shows data for Lav, Cef, Km, and Not across different time points.

Lav	Cef
09:05	04:24
Km	Not
177	No
